

ProComfort™ Deluxe 17 Two-Stage Central A/C CCA7

Hot weather is no match for our high efficiency air conditioner with a two-stage compressor that quietly delivers enhanced comfort and better levels of humidity control. Pair it with an Ion™ communicating system, for the convenience of remote access along with improved energy-saving performance and comfort management.

- Up to 17 SEER cooling
- Up to 13 EER cooling
- ENERGY STAR® qualified

Timely registration required. See warranty certificate for details and restrictions.

See warranty certificate for details.

FEATURES & BENEFITS

- Quiet performance (as low as 70 decibels)
- Two-stage compressor for improved temperature and summer humidity control
- Two-speed fan works with compressor for better levels of quiet, efficient operation
- Durably built with tight wire grille and protective corner posts to withstand bad weather and debris
- Designed for corrosion resistance and lasting performance
- Wi-Fi® enabled remote access with the Ion™ System Control¹

BACKED BY EXCEPTIONAL WARRANTIES

Our No Hassle Replacement™ limited warranty means comfort with no questions. Your unit will be replaced if the compressor or coil fails within the covered period.

- 10-Year No Hassle Replacement™ Limited Warranty+
- 10-Year Parts Limited Warranty±

ClimateCare is Ontario's largest cooperative of local, independent heating and cooling retail contractors. We offer a 100% Satisfaction Guarantee - if you are not happy with our service, we'll make it right.

THE CLIMATECARE DIFFERENCE *Get to know our units*

For those that want to get to the heart of our units, we've outlined some specs below to give you a detailed view of the unit you're investing in. We believe in transparency and we 100% stand by the quality of the furnaces we sell and the expertise of your local ClimateCare member. It's just part of the ClimateCare difference.

SPECIFICATIONS

- High-efficiency two-stage scroll compressor
- Efficient two-speed fan motor
- System protecting high- and low-pressure switches and filter drier
- Durable, protective tight wire grille panels allow easy coil cleaning; corner posts for extra strength and style
- High-gloss, baked-on powder coat finish over galvanized steel
- Sound-reducing features: aerodynamic two-speed fan, soft-mounted compressor, and high performance acoustic-absorbing compressor blanket
- Compatible control: Ion™ System Control installed as part of a complete communicating system for full function and efficiency capability, Wi-Fi® remote access convenience, and intelligent diagnostics.
- Non-ozone depleting R-410A refrigerant
- Cooling capacity: 2-5 tons
